

Dan Ellsberg

22 August 1969

Dan,

Attached are some possibly relevant things  
from the Draper Committee Report. Note

- (1) the number of things on which various  
parts of the U.S. structure were  
"levering" the GVN (rice exports,  
exchange rate, forces, etc.);
- (2) the Civil-Guard-ARVN issue.

Couldn't find any more

1:

- If I remember correctly,  
I circulated a "Rand D"  
that contained most of the  
attached materials.

See if you can locate a  
copy. If not, make a  
copy of the Viet Nam  
section (paperclipped),  
attach it to a copy of  
the typed memo, dated  
Feb 5, 1959 attached.  
I want to send both to  
Dan Ellsberg with this note.

look further in the file to see if  
there are any other notes from  
that trip?
